

WET LOCATION COMBO EMERGENCY LIGHT

QUICK SEARCH: SC6969

FEATURES:

- Weatherproof construction
- Two top mounted 1.17W LED lamps
- The durable housing is constructed with a Flame-retardent thermoplastic
- Wall mount only and features Knockout patterns for easy electrical connections
- Full gasketed construction to prevent moisture intake
- Standard off white finish with a clear polycarbonate faceplate

DIMENSIONS:

WARRANTY & LISTINGS:

- 5-year warranty
- ETL Listed to UL 924. NFPA 101 Life Safety Code, NEC, ICC, IBC
- Damp & Wet Location Approved

ELECTRICAL:

- Dual 120/277 voltage. Other voltages available upon request such as 220V and 480V
- Battery backup model features a 90-minute battery system for emergency operation during power outages
- The battery features a 24 hour recharge time. Comes standard with a current charge regulator. Push button allows for easy testing on the battery backup

MOUNTING:

- Wall mount only and features Knockout patterns for easy electrical connections

REMOTE CAPABILITY (RC OPTION)

- The RC option allows the fixture to operate multiple lamp heads that are located away from the fixture. Utilizing the remote capability option eliminates installation of more individual fixtures and decreases the number of batteries to be maintained
