

LED WAREHOUSE HIGH BAY LIGHTING

SEARCH CODE: SC7043

FEATURES:

- **Durable Construction:** Rugged die-cast aluminum housing with a corrosion-resistant white coat finish.
- **High-Performance LEDs:** Utilizes Lumileds LEDs for exceptional brightness and long-term reliability.
- **Mounting Options:** Can be mounted on standard j-box conduit or suspended with the included steel cable.
- **Emergency Backup:** 90-minute battery backup on select models.
- **Adjustable Settings:** Select models offer adjustable wattage and color temperature.
- **Dimmable:** 0-10V dimming capability for customizable brightness levels.
- **Energy Efficient:** Certified with UL Listing, DLC, and backed by a 5-year warranty.

APPLICATION:

- Warehouses and industrial spaces
- Manufacturing plants
- Distribution Centers
- Large Retail Spaces
- Gymnasiums and Sports Complexes
- High-ceiling environments requiring powerful illumination

CERTIFICATIONS:

- 5-Year Warranty
- UL Listing
- DLC Certified

ELECTRICAL:

- **Universal:** 120V-277V AC
- **High Voltage:** 377V-480V AC (special order)

ACCESSORIES:

- **Driver:** For 480V
- **Occupancy Sensor:** Select models come with a programmable remote for motion detection and energy optimization.
- **Emergency Battery Backup:** Available for uninterrupted power during outages, ensuring continuous illumination.
